Dear Colton,

Congratulations on the successful creation of your video! I saw your picture on the front page of The Patriot Ledger and excitedly hurried to read the article that explained your hard work. You and Julia did a very mature and thoughtful act. Remembering you at the Early Childhood Center, I'm not surprised that you have grown to be even brighter and kinder. Your family must be quite proud of you.

As Principal of Center School, I would be pleased and grateful to be able to show your video to the students of Center School. If that would be possible, please call me at [REDACTED] I know the students at Center would benefit from your efforts.

Give my regards to your mom!
I hope to hear from you soon.
Sincerely,
Mrs. Marilyn Weber
